The following is an examiner's statement of reasons for allowance: The closest prior art of record are the Linde et al '026 and '988 patents and the Walsh patent. These patents fail to teach the combination of a synthetic oil and a wax. Applicants' specification demonstrates superior properties flowing from this combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
